FORWARD

The Ranch Horse Association of America was formed in the spring of 1998 to assist in the production & promotion of working ranch horse competitions. The RHAA is a non-profit organization created to promote the qualities & characteristics of the ultimate working ranch horse. The RHAA provides a uniform set of rules & approved judges who promote consistency in their judging techniques. A main goal of the association is to emphasize the utilitarian & the multi-functional characteristics & values of the working ranch horse. The RHAA seeks to accomplish these goals while maintaining traditional western influence with historic western sportsmanship & cowboy ethic. Sanctioned shows are held at numerous locations across the United States each year. As a result, the RHAA arranges an annual National Finals to highlight the elite qualifiers.

RHAA SHOW SEASON

The RHAA's show season runs from May to May of the following year. Upon the completion of the National Finals held in May, the new season will begin. Members will advance accordingly in class eligibility as they start the new show season.

MEMBERSHIP

Annual memberships may be purchased for a fee of \$65. Lifetime memberships are also available & may be purchased for a one time fee of \$350. All RHAA members will receive RHAA E-News via email & a membership card. Members are responsible for submitting any change of address, email &/or contact numbers to the RHAA office in order to maintain current records. RHAA members are required to purchase competition licenses on all horses prior to being shown.

YOUTH MEMBERSHIP

Youth memberships may be purchased for a fee of \$35. Youth memberships are only valid in Youth classes & may not be used to compete in regular RHAA classes. However, RHAA members can compete in Youth classes without the additional purchase of a Youth membership. Age limits apply. Must be 18 years old or younger as of the beginning of a show season in order to be eligible for youth competitions. Youth membership application/parental release waiver must be signed & submitted before youth are eligible to compete in any RHAA Youth competitions. All RHAA Youth members will receive RHAA E-News via email & a membership card. Members are responsible for submitting any change of address, email &/or contact numbers to the RHAA office in order to maintain current records. RHAA Youth members are required to purchase competition licenses on all horses prior to being shown.

CORPORATE RANCH MEMBERSHIP

The RHAA offers a Corporate Ranch Membership geared toward ranches & their employees. There is no limit to the number of employees a ranch may list under their Corporate Ranch membership. All names listed must be full-time employees of the ranch & meet all eligibility requirements. There is no limit on the amount of time an employee must work for a ranch, provided they are full-time employees. Corporate Ranch memberships are not extended to minor children or spouses as they are not full-time employees. It is required that they obtain their own individual membership. Minor children & spouses of the employee's are permitted to show horses owned by the ranch.

DAY PERMITS

Day permits may be purchased the day of a show for a fee of \$35. A permit application, payment & a copy of the horses' papers (front/back) must be submitted with the entry form before the contestant's entry will be accepted. Horse ownership rules apply to permit holder relevant to class entered. If the contestant has entered two separate shows & has therefore purchased two day permits, he/she will be issued an annual RHAA membership. The membership will be valid from the purchase date of the second permit. Once a RHAA member, a competition license will be required of the horse that the contestant wishes to show. In the instance of a pending transfer of horse ownership, contestants/members are permitted to show the horse being transferred under a day permit. A day permit application, a copy of the current registration papers & a signed/dated transfer report is required to be turned in when entering under these circumstances. Contestants & members are limited to two day permits per year.

MEMBERSHIP SUSPENSION

Any RHAA member who is delinquent in fees of any kind concerning RHAA events, or falsifies any documents pertaining to their eligibility or their RHAA membership, will be held in suspension & ineligible to compete in RHAA events until fees are paid in full.

Any unsportsmanlike conduct or attempt to influence a judge's decision will result in a warning for the first offense. A second warning will result in suspension of membership & a \$100 fine. If a member becomes physically aggressive with any RHAA officer, director, secretary, show staff, or judge, the member will be suspended from the RHAA & receive a \$250 fine.

PROFESSIONAL TRAINERS

Professional horse trainers are permitted to compete at RHAA events as long as they meet all RHAA rule requirements. Professional horse trainers may only show in the Junior & Senior classes. Trainers may not show a client's horse as they are not full time employee's to the owner.

MINOR CONTESTANTS

There is no age restriction on participants entered in regular RHAA classes, although many arena rules or insurance policies may prohibit minor contestants for liability reasons. A comprehensive, written release should be obtained from all minor contestants, executed by an adult parent or guardian. Contestants competing under a Youth RHAA membership are required to complete & sign parental waiver on the Youth RHAA Membership Application.

COMPETITION LICENSES

Competition licenses may be purchased for a one time fee of \$15, valid for the lifetime of the horse. Licenses provide verification of ownership & age, necessary to determine horse eligibility. Competition licenses are required of all horses shown by RHAA members & RHAA youth members, not required of day permit holders. A current RHAA membership is required of owner(s) in order for the license to be issued. Competition licenses must be obtained prior to entering competitions & are to be furnished upon entering shows. A copy of the registration papers in the current owner's name, is to accompany all applications. Members do have the option to apply for competition licenses at RHAA sanctioned shows; however, applications will not be accepted if a copy of the registration papers does not accompany the application. Upon change of ownership, the original license must be submitted to the RHAA office with the appropriate \$15 transfer fee & a completed transfer request. For office purposes, the "Date Acquired" on the registration papers will be the date used to determine the six month ownership status that is mandatory in the Ranch Hand, Junior & Senior classes.

In the instance of a pending transfer of horse ownership, contestants/members are permitted to show the horse being transferred under a day permit. See section "Day Permits" for a full description of requirements that explain how to legally show a horse whose registration papers are pending an ownership transfer.

HORSE OWNERSHIP

Ownership Requirements: Horses are to be in the current owners' name on the registration papers. All RHAA members are required to obtain a competition license on the horse(s) in which they plan to show. Licenses will not be issued if the transfer of registration papers to current owner is not complete. In the instance of a pending transfer of horse ownership, contestants/members are permitted to show the horse being transferred under a day permit. RHAA members may show either (A) a horse they own; B) an immediate relatives' horse; C) a horse owned by their full-time employer; or D) a horse the RHAA member owns in partnership. Youth members competing in youth classes are the only participants allowed to show any horse

regardless of ownership. Horse trainers may not show a client's horse as they are not full time employee's to the owner. Length of ownership is be determined based off "Date Acquired" on the registration papers. The RHAA does not permit AQHA leased horses.

Length of Ownership: Length of horse ownership will vary from class to class. For office purposes, the "Date Acquired" on the registration papers will be the date used to determine the six month ownership requirement in the Ranch Hand, Junior & Senior classes.

This means that a registered horse must be in both parties' names or in the name of the partnership on their registration papers. Both parties' names/partnership name must hold a valid membership in order for the horse to be eligible to be shown. The horse in partnership must have been owned for at least six months prior to the competition according to the "Date Acquired" listed on the registration papers. The burden of proof of ownership is upon the owner/contestant.

Ranch/Employer Owned Horses: If the rider of the horse is not the owner, but is instead an employee of the horse owner, then the employee must be full time. A signed statement from the employer is required of all RHAA members showing a ranch/employer owned horse. The hosting show secretary is required to submit proof of ownership &/or employment when requested. If proof of employment must be provided, documentation will be submitted to Kelly Gill – the RHAA's legal counsel. All information will be confidential.

Family Owned Horses: Immediate relatives are considered to be: children, spouses, parents, grandparents &/or in-laws. Contestants & horse owners must be RHAA members prior to competing in any sanctioned RHAA event unless the contestant is showing an immediate family members' horse; in which case, only the relative showing the horse is required to obtain a membership.

Ownership Fines: A first time violation of the ownership rule will result in a \$500.00 fine & a six month suspension from member privileges of the RHAA. an additional one year suspension, or at the discretion of the RHAA Board of Directors, a possible lifetime suspension from any RHAA activities or membership.

SANCTIONING SHOWS

In order to sanction a RHAA competition & advance its competitors towards the RHAA National Finals, a RHAA Sanctioning Request Form must be signed & submitted for approval to the office at least 30 days prior to the event. Necessary forms for show management are available at www.rhaa.org. All RHAA criteria must be followed & rules must be kept. Show management is responsible for checking membership, competition licenses, ownership & class eligibility.

RHAA competitions must be open to the world. Reasonable entry deadlines are allowed. Entries may only be limited due to time constraints. Classes to be offered will be the Box Drive Box Drive, Wrangler, Cowboy, Ranch Hand, Junior, & Senior classes. The RHAA also offers an optional Youth class. Please specify in your sanctioning request form if you would like to add the sanctioned RHAA Youth class onto your show.

NATIONAL FINALS QUALIFICATION

When entering sanctioned RHAA competitions, competitors have an opportunity to qualify themselves & their horse(s) for the RHAA National Finals. The RHAA will use the provided formula to determine the advancement of qualifiers. All qualifiers (same horse/rider combination) must have attended at least two RHAA sanctioned events per show season to be eligible to enter the RHAA National Finals. Entry is not restricted to the same class to meet the two show requirement. All qualifiers must have a current RHAA membership & competition license on the qualified horse. The RHAA National Finals will consist of qualifiers from each of the following: Junior Youth, Senior Youth, Box Drive Box Drive, Wrangler, Cowboy, Ranch Hand, Junior & Senior. Horses will compete in the class in which they qualified. The number of horses qualifying for advancement toward the finals, which may include regionals & semi-finals if needed depending on the number of horses involved, will depend upon the aggregate number of horses entered in the sanctioned competition. An example formula of the qualification breakdown for all classes is as follows:

# ENTRIES	#QUALIFIERS
2 -3	1
4 -5	2
6 -7	3
7 -8	4
8 -9	5
10 -11	6

PRE-QUALIFICATION

If any of the placed horses from a sanctioned competition have previously qualified for the RHAA National Finals, then the next highest point scoring horse(s) will now advance. For instance, if a competition has six Wrangler class entries, following the chart above, three horses would qualify. If the 1st & 2nd place winner in this competition had previously qualified, then the 3rd, 4th & 5th highest point scoring horses would qualify to advance toward the finals under this example. If there is a tie for the last advancing place, then both horses will qualify. This advancement of additional horses to the finals does not affect the local competition, prize money or winners of the show in any way. The RHAA office will determine who qualifies for advancement following this formula from each competition.

QUALIFYING REGULATIONS

The total number of horses in a sanctioned RHAA competition must be at least a total of eight. The minimum qualifying class size is two horses. One qualifier will advance towards the RHAA National Finals for every two horses entered.

In order to fill a class & fulfill the qualifying requirements, the Junior & Senior classes may be combined. The judge should know which horses are Junior horses & that those horses in the Junior class are permitted to be ridden two handed with a two handed bridle. Prizes may be awarded for top Junior & Senior horse; however, payouts cannot be kept separate. If the Junior & Senior are combined, the number of qualifiers are based off the combined class size, not off an individual class. A horse that is qualified in a combined class must show at the finals in its age division. The Box Drive Box Drive, Wrangler, Cowboy & Ranch Hand classes may not be combined in order to meet qualification requirements.

If either the Junior Youth or Senior Youth has two or less entries, show management is permitted to combine these two classes. Prizes may be awarded for Junior Youth & Senior Youth; however, payouts cannot be kept separate. If the Junior Youth & Senior Youth are combined, the number of qualifiers are based off the combined class size, not off an individual class. A youth contestant that is qualified in a combined class must show at the finals in their age division.

JUDGES

Only one judge is required for sanctioned RHAA competitions outside of the RHAA National Finals. The judges' name should be submitted to the RHAA office at least two weeks prior to the show. Only RHAA certified, card carrying judges will be allowed to be used at competitions. Judges must hold a valid RHAA membership & remain current on the RHAA judges list. Judges should be provided with a current copy of the rules & be familiar with the judging criteria. Judges should also be provided a whistle or a flag in the event a run must be halted to allow for new cattle. Judges are also required to designate the center of the arena prior to the start of the competition.

COMPLAINTS

A contestant/show management may file a complaint for a non-refundable fee of \$50 concerning the professional conduct or evaluation skills of an RHAA judge. The RHAA Board of Directors will review & take action on the filed complaint. Complaint forms will be available on the RHAA website (www.rhaa.org).

RHAA SUGGESTED PAYOUT

The last paying position should at least receive his/her entry fee back. A minimum of 50% of each entry fee must be paid back to class winners. Please see below for suggested payouts.

ENTRIES	PLACING	PERCENTAGES
1 - 10	2 OR 3	60%, 40% OR 50%, 30%, 20%
11 - 20	4	40%, 30%, 20%, 10%
21 - 30	5	30%, 25%, 20%, 15%, 10%

RHAA Youth classes require a \$5.00 per entry sanctioning fee to be submitted to the office following the competition. Any new applications &/or collected fees are to be submitted as well.

GUIDELINES FOR COMPETITIONS

Cattle: The recommended number of cattle to designate for competitors is at least 1½ per contestant. To the greatest extent possible, seek uniformity in size, disposition & breed in your cattle. Cull any unfavorable cattle prior to competition. Cattle weighing 400 lbs. – 600 lbs. are recommended.

Awarding New Cows: The awarding of a new cow is the sole decision of Judge No. 1 & is only intended in the event of an unworkable animal. Judge No. 1 will call for a new cow to the secretary & the clock will stop.

Judges will signal for a new cow with two blasts of a whistle. The clock is to be stopped when the judge calls for a new cow, 30 seconds will be added to the time & the contestant will then start from taht point & go forward until he/she reaches the time limit. A new cow is only if the current cow is considered unworkable by leaving the arena working floor or unworkable for not allowing the contestant to exhibit their horse to any extent. Examples of this are animals that immediately fight the contestant's horse or enter the arena & refuse to move. Under no circumstances will a new cow be awarded if it is the contestant's fault that the cow is tired, out of air, run down or overworked to the point he doesn't care to move, etc. Judges are to consider the cowboy's ability to recognize these things & adjust his run accordingly. The awarding of a new cow is the sole decision of Judge No. 1 & is only intended in the event of an unworkable animal. Judge No. 1 will call for a new cow to the secretary & the clock will stop.

Terminating Runs: A judge possesses the authority to terminate any run in which shows excessive danger, including any abuse to horse or cow. Equipment failure that poses danger to the horse or rider will terminate the run. Separation of horse & rider due to the horse falling or the rider falling off the horse will also terminate a run. Separation of horse & rider does not apply to retrieving a dropped rope prior to casting first loop. In the event of an injury to the cow, the run will stop. It will be the judges discretion to terminate a run or if the contestant will receive a new cow. Judges will signal the termination of a run with one sharp blast of a whistle.

Tie Breakers: In the event of a tie, judges will use the scores on the judges' score card from the first portion (boxing) of the cow work & proceed from that point to break the tie. Dry work will be the last segment utilized to break any ties. This will save time & prevent contestants from having to show their horses again.

Abuse: No abuse of horses or abuse of cattle will be tolerated during RHAA competitions. In the event the rider deviates from any judged segment of the competition & displays unsportsmanlike training of horse or cow, the contestant will be asked to leave the arena & will be disqualified from the class.

The announcer for the event will out a 30 second warning (“30 seconds remaining”) when the contestant reaches this point in his/her run. When time has been exhausted, the announcer will call “Time” & the run will be over. The contestant is judged on the segments of his/her run that were completed prior to the calling of “Time”.

The normal flow of the event will consist of the contestant entering the arena & preforming the reined work portion. Following the reining, the contestant will begin the cow work segment by signaling for a cow to be released into the arena for the contestant to then preform his/her box, drive, box, drive manuevers.

WRANGLER, COWBOY, RANCH HAND, JUNIOR & SENIOR

These classes will consist of three segments all performed as one event within the required time. Each rider’s time will begin when he/she enters the arena & the contestant will have 5 minutes to complete his/her task in an average size arena. If you have an extremely large arena, you may increase the time to 6 minutes. The announcer for the event calls out a 2 minute warning (“2 minutes remaining”) when the contestant reaches this point in his/her run. It is also called out again when he/she reaches only 1 minute left (“1 minute remaining”) & then, of course, when his/her time has been exhausted, the announcer will call “Time” & the run will be over. The contestant is judged on the segments of his/her run that were completed prior to the calling of “Time”.

The normal flow of the event will consist of the contestant entering the arena & performing the reined work portion. Following the reining, the contestant will begin the cow work segment by signaling for a cow to be released into the arena for the contestant to preform his/her cow work &, lastly, roping manuevers.

REINING

Maneuvers: Horses are to be judged on their ability to perform four basic sets of maneuvers - spins, circles & lead changes, rollbacks, stopping & backing. The reining segment will end when the rider calls for the cow.

Spins: In order to receive maximum credit, a horse should do at least two spins in each direction. Credit will be given to the horse that spins flat & smooth, showing no indication of being forced, & demonstrates a willing attitude. Forced speed should not score higher than moderate, willing speed. Horses will be penalized for elevated, hoppy, forced, or extremely slow spins. The horse that spins smoothly, with moderate speed, keeping his hind quarters in the same general area, & demonstrating good footwork in front should receive the greatest amount of credit.

Circles & Lead Changes: Circles & lead changes will be judged on the horse's ability to: A) be willingly guided without pulling to the inside or to the outside of the circle, B) his ability to demonstrate his willingness to increase or decrease speed & C) his ability to change leads, front & back, smoothly with a minimum cueing from the rider. In the circle segment of the dry work, the rider can increase his score by making his circles come together at the "same midpoint of the arena", making large circles the same size on each side, small circles the same size on each side & lead changes at the center of the arena. This will demonstrate control to the judges.

Rollbacks: At the end of the stop, the rollback should be a 180 degree turn, where the horse turns & leaves in one motion. Short, choppy rundowns will be penalized, as will bouncy, forced stops & rollbacks that come out at less than 180 degrees.

Stop & Back: To receive maximum credit, a horse should approach the stop: A) loping or galloping freely, B) willingly moving forward in a straight line & C) gradually increasing his speed. The stop should be straight & square & give the appearance of stopping because he is trained to stop, not because he is forced to stop. As in the rollback maneuver, maximum credit will be given to the horse that approaches the stop running straight, gradually increasing speed, stops straight & square, & hesitates momentarily. Maximum credit will be given to the horse that backs straight & then backs willingly in a straight line for at least 15 feet.

Penalties & Disqualifications: Short & choppy rundowns, bouncy stops, head throwing, excessive mouth gaping & resistance on the part of the horse will be penalized. If the horse backs crooked, throws head, opens mouth excessively &/or shows resistance, the horse will be penalized. Please refer to RHAA Penalty Page at end of rulebook for a full list of penalties & DQ's.

BOXING & DRIVING

(Only applies to the Junior Youth Class)

Maneuvers: This segment will be allowed 50 seconds to complete & will only consist of one maneuver - Box.

Box: Following the completion of the reining, the contestant will signal for a cow. The cow should be controlled/boxed on the end of the arena in which it entered for the full amount of time to demonstrate the horses' ability to control/hold the cow. Once the time has expired, the run is complete & the contestant may leave the arena.

BOXING & DRIVING

(Only applies to the Box – Drive – Box – Drive class)

Maneuvers: This segment will be allowed 1 minute 45 seconds to complete & will consist of four maneuvers – Box, Drive, Box & Drive.

Box – Part One: Following the completion of the reining, the contestant will signal for a cow. The cow should first be controlled/boxed on the end of

the arena in which it entered for a sufficient amount of time to demonstrate the horses' ability to control/hold the cow.

Drive – Part Two: After the first portion of the boxing has been exhibited, the contestant will set the cow up to be drove down the side of the arena. Control of the cow while driving should be maintained. Upon approaching the opposite end of the arena, the contestant will then move into the second portion of the boxing work.

Box – Part Three: Once the contestant has reached the opposite end of the arena, exhibitors will again box the cow. The cow should be controlled/boxed for a sufficient amount of time to again demonstrate the horses' ability to control/hold the cow.

Drive – Part Four: Lastly, the contestant will drive the cow past the middle marker on the same fence the cow was initially driven down & continue until the judge has blown the whistle to signal completion of the run. If the time has expired before reaching the middle marker, a penalty will apply.

COW WORK – BOXING & FENCE TURNS

(Only applies to Senior Youth, Wrangler, Cowboy, Ranch Hand, Junior & Senior)

Maneuvers: The cow work will consist of two segments – boxing & fence turns.

Boxing: Throughout the cow work, it must be remembered that the name of the game is controlling the cow. Judges must take into consideration what kind of cow each contestant draws in order to accurately judge the degree of difficulty in each credit-earning situation. When a contestant is holding a cow at the end of the arena, maximum credit will be given to the horse that is obviously watching a cow & making counter moves to hold the cow at the end of the arena without the help of the rider. The more a horse is trying to do on his own, the more credit he should receive.

Fence Turns: Maximum credit should only be given when the horse is in control of the cow & allows the cow to go down the fence. Again, the difficulty of the cow should always be considered when deducting from maximum credit. When the cow is allowed to go down the fence, maximum credit will be given to the horse that turns the cow at least once each direction on the same fence that the cow originally went down. If a horse turns tail to the cow at any point during a run, the maneuver will be zeroed by the judge.

Penalties & Disqualifications: Horses will be penalized for losing control while boxing the cow at the end of the arena, getting outrun down the fence, for running more than one horse length past the cow on the turn, hanging up on the fence, refusing to turn, running over the cow, biting cattle, hanging back & not running past the cow to turn the cow & for generally losing control. Please refer to RHAA Penalty Page at end of rulebook for a full list of penalties & DQ's.

CIRCLING

(Optional in the Senior Youth class.)

Circling: Following the completion of fence turns, the contestant should take the cow to an open part of the arena & maneuver the cow smoothly at least 360 degrees in each direction without interference from the fence. The circle's size, symmetry, speed & relative balance from right & left show control. Tightening the circles down with fast head-to-head speed will be a credit earning situation. The circles should be completed before the cow is exhausted.

ROPING

(Only applies to Wrangler, Cowboy, Ranch Hand, Junior & Senior; optional in Youth classes.)

Rating & Tracking: Maximum credit will be given to the horse that shows ample speed going to cattle, tracks/rates well to allow the rider to rope from a good position. The loop must go over the cow's head, i.e., the cow must look through the loop (unless there are mixed cattle, then the three legal catches will apply). The cow may end up being caught by the neck, body or a hind leg. If the cow is not roped within two loops, the scoring will cease at this point, a 5 point penalty will apply as well as an "OP". The roper may only carry one rope &, if that rope is lost, time will stop & the run is considered completed. Contestants may not receive any ropes from outside the arena to complete their run. Contestants may not retrieve their rope from the cow if it comes loose from the horn. If a contestant drops their rope prior to the roping the animal, they may dismount & retrieve the rope to complete the run if time allows. When roping, contestants are permitted to hold reins as romal reins

Stopping: Maximum credit will be given to the horse that stops square & hard in a straight line with the cow, hindquarters underneath him, alert & paying attention, holding the stop when the rope comes tight & leans back slightly to absorb the jerk. The loop must go over the cow's head &, therefore, any part of the body that is caught may be used to stop the animal. The contestant may tie their ropes on or dally.

Pulling: Maximum credit will be given to the horse that turns crisply, when asked by the rider, drops his neck to pull, leans into the breast collar, drives from behind & pulls from the horn in a straight line for at least fifteen feet. Cattle must be standing to be drug when roped around the neck. Pulling a cow the required distance will end the run regardless of the time remaining. No choking of a down animal is allowed & the judges will disqualify a contestant for dragging by the neck on the ground, tripping or any other behavior they deem abusive.

Legal Catches: The loop must go over the cow's head, i.e., the cow must look through the loop. The cow may end up being caught by the neck, body or a hind leg. In the instance where there are mixed cattle (mulies & cattle with horns too large to prevent a rope from coming off), the look through rule will be lifted & the three legal head catches will apply. The three legal head catches that will apply in this case will be slick horns, half head, or around neck. Picking up a leg with a head catch is not a legal catch.

Penalties & Disqualifications: Horses will be penalized if they are slow going to cattle, run over cattle, lose position tracking, or generally appear hard to manage. Horses that stop crooked, sideways, duck off or appear that they might be pulled down by big cattle should be severely penalized. Horses should be penalized that resist turning, pull with their head up & back hollow, wander from side to side, lunge forward, stop before asked by the rider or show any reluctance to willingly pull. A penalty of 3 points will apply if the cow is not caught on the first loop. If the cow is not roped within two loops, the scoring will cease at this point, a 5 point penalty will apply as well as an "OP" (5 point penalty will cancel out the 3 point penalty). The rider will be disqualified for intentionally choking, dragging by the neck while on the ground, or tripping the cow during the roping segment. Any unnecessary roughness or abuse to livestock will disqualify the contestant. One judge should be designated to be able to disqualify a contestant for these reasons. This judge should be provided a whistle to signal for the disqualification.
